

## Our Annual Family Events

These are a few of our annual family events which are a great source of fun for the entire family!

### Family Rocket Day

Help your child build their own rocket and then launch it at Family Rocket Day!

### Bubble Bliss

Bubble Bliss is a day of soapy fun that is enjoyed by kids of all ages. It is usually held in the month of August.

### Barnes & Noble BookFair

Show your support for your favorite science center by purchasing books at the annual Barnes & Noble BookFair in September.

### Spooktacular Science

Join in on all of the 'Spooky' fun at Spooktacular Science every year in October.

Children will combine science with some of the scary things of Halloween such as ghostly ink, spooky shadows, and hand boilers.

### Einstein on Wine

Every year we put on a wine-tasting event and silent auction for adults over 21. This event is always a lot of fun with hands-on exhibits, entertainment, wine and food pairings and of course - good food and great wine!

We have birthday party packages for children of any age that you may schedule all year.

We also offer various summer camps and fall science clubs for your children to enjoy. For more of our events please visit our website.

## Science is Fun!

### > Student Membership

A Student Membership includes all of the regular Membership benefits for one student (through college).

### > Senior (62+) Membership

A Senior Membership includes all of the regular Membership benefits for those 62 years of age and up.

### > Sustaining Membership
