

We Care Program

As you know, we are always looking for new ways to raise funds for the choir—and the simpler, the better. To that end, we have recently enrolled in Central Market's We Care program for non-profit organizations. For those of you who are not familiar with the program, this is how it works: Every time you shop at Central Market, ask the cashier to stamp your receipt with the We Care stamp. Save your receipts and bring them to the choir office (or send them to rehearsal with your child). We will have collection boxes marked WE CARE at the office and at rehearsals. It's that simple!

CDCC will receive 1% on all purchases. If everyone who shops at Central Market participates, this can add up to a sizeable dollar amount. And the more people who participate, the bigger the check will be! Now you can buy groceries, which we all need, and help the choir out at the same time. Talk about a win-win situation!

We understand that you may be supporting another organization through We Care. If so, we simply ask that you consider supporting CDCC as well. If you are not currently taking advantage of the We Care program, we would like to ask you to consider supporting CDCC.
