Note: There will be a lunch break from 12:30-12:55 pm each day. If desired, students may bring a sack lunch to eat in the community room (with supervision). If the weather cooperates, lunch may be moved outdoors. Students may also bring snacks for other breaks throughout the day.

The day is filled with seven exciting arts and science classes with an activity hour completing the day!

Highlights of the day include:

Central Dakota Children's Choir presents *My Many Colored Musical Days*
Using Dr. Seuss' "My Many Colored Days" as inspiration, students will explore the many moods of music using listening, instrument playing, movement, and drawing. Come prepared to show your many colors. Grades K-3.

Gateway to Science presents *Build it Up!*
Design and build to your heart's content. Use K'nex to assemble towers, airplanes, motorcycles, or anything else your brain can imagine. Optional instruction sheets are available for a variety of structures. Grades 4-6.

Theo Art School presents *Goblins & Dragons*
Take a trip through an enchanted forest and discover goblins, fairies, and dragons. The class will draw, paint, and sculpt various art projects of fairies, goblins, and dragons. Grades K-6.

Shade Tree Players presents *Actors Improvisation*
You know what it is like. It is opening night of a show, and everything is running smoothly until...you completely forget what your next line is! What do you do now? Is there any way to save the scene? In five fun-filled sessions, learn valuable off-the-cuff tricks that every actor should possess. Grades K-6.

Gateway to Science presents *Feeling Spacey*
Learn what it's like to be an astronaut. Find out more about our solar system and beyond. Tons of fun, space-themed activities. Grades 2-4.

Theo Art School presents *Lost in the Jungle: Henri Rousseau*
Hide animals in various landscape creations made from markers, pastels, watercolors, and torn paper. Become animals by making your own animal mask and costume. Grades K-3.

....and so much more!
